

C-ITS Corridor and Pilot Initiatives – Introduction

Torsten Geissler, BASt
26 April 2016, Amsterdam

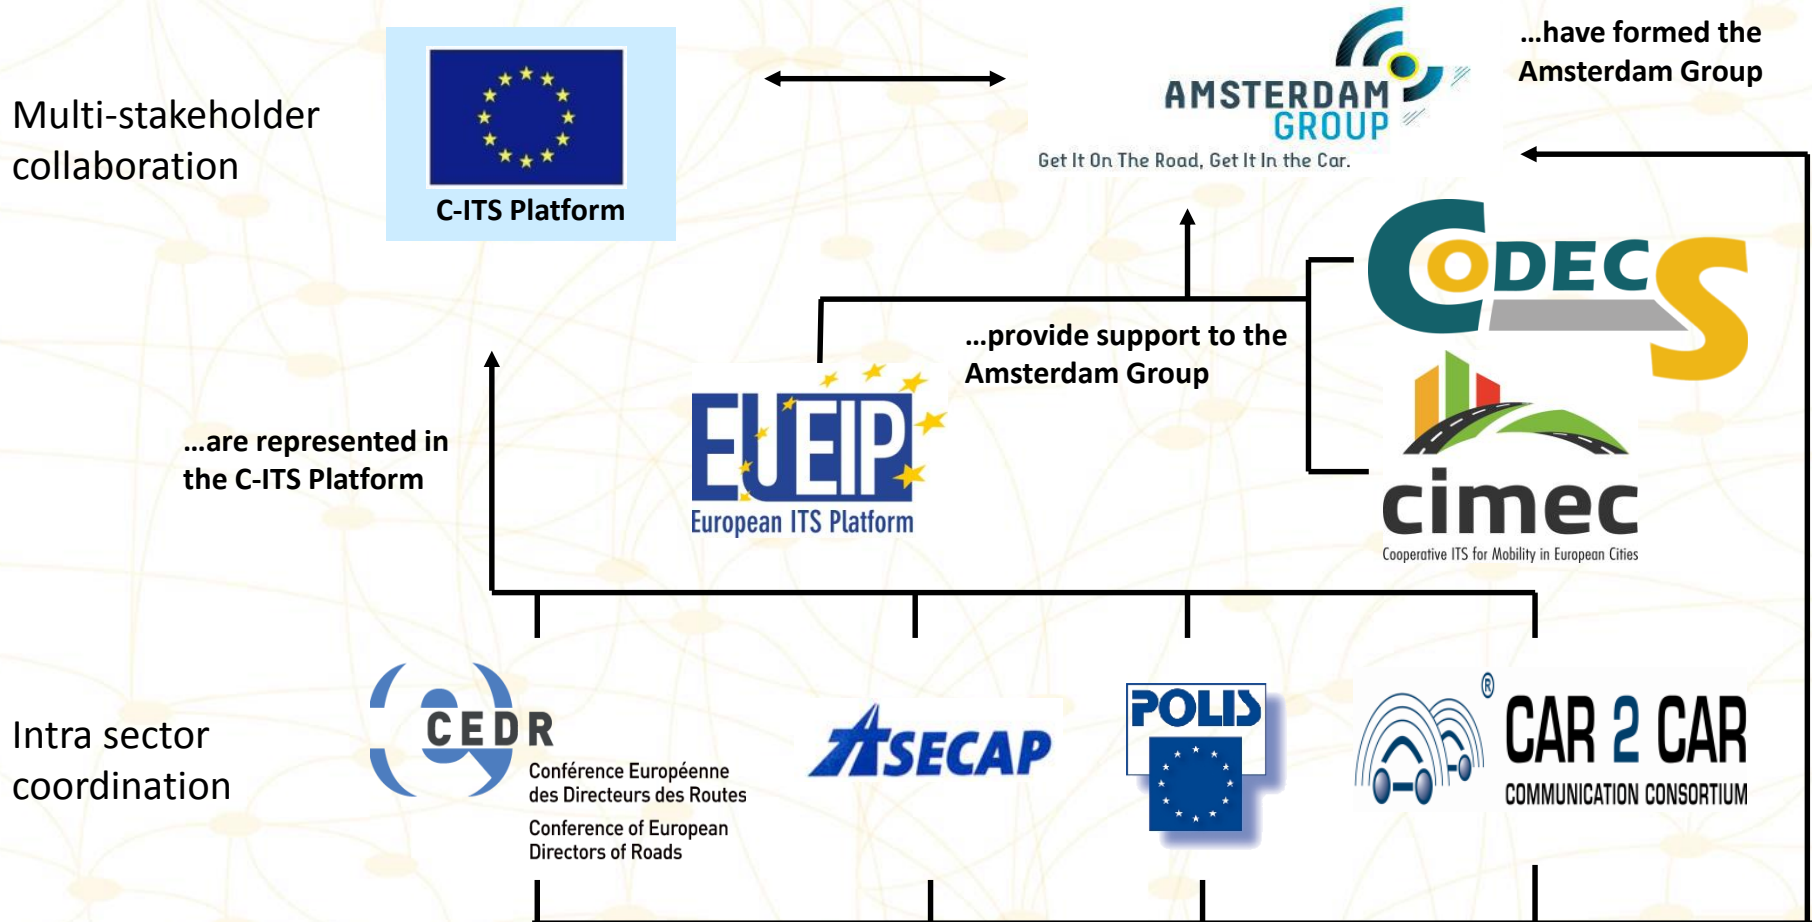

Amsterdam Group

- **Strategic Alliance of key actors for C-ITS deployment on European roads**
- **Involves infrastructure organisations and the automotive industry**
- **Focus on services with infrastructure involvement (I2V/V2I)**

- **Formed in 2011**
- **Letter of Intent 2012 (recommendation to members to get involved in C-ITS deployment)**
- **Roadmap for initial deployment 2013 (guiding star for C-ITS deployment)**
- **Expert network of various deployment and pilot initiatives 2014+**

Leveraging the Amsterdam Group efforts

Interaction between Amsterdam Group and corridor deployments

Get It In On The Road, Get It In the Vehicle.

- Roadmap between automotive industry and infrastructure organisations,
- Roadmap on initial deployment of Cooperative ITS (C-ITS) in Europe from 2015 onwards,
- Roadmap aims at practical recommendations for AG members,
- Roadmap on AG level as a guiding star for C-ITS deployment of members in corridors.
