What we achieved so far

- **Workshop C-ITS Deployment is underway! Part I**

- September 2015, Roskilde, Denmark
- Status reports of C-ITS corridors & pilots, open deployment issues identified by the Amsterdam Group

What we achieved so far

- **Focus group discussion at Smart City Expo World Congress**
 - November 2015
 - Discussion of C-ITS applications relevant for cities, their strong and weak points

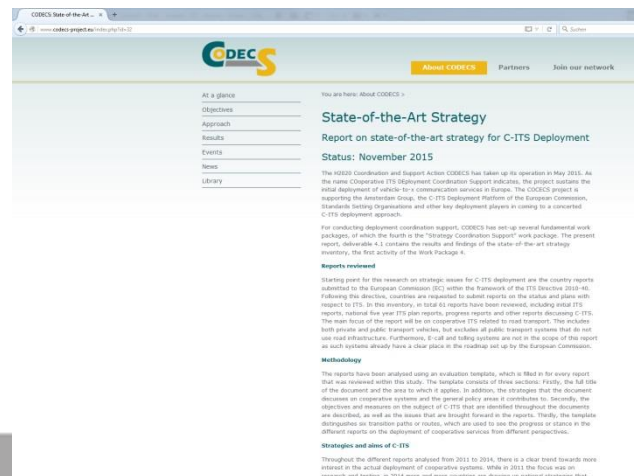

What we achieved so far

- **State-of-the-Art Strategy for C-ITS deployment**

- Published in November 2015
- In total 61 reports reviewed (initial ITS reports, national five year ITS plan reports...)
- Preliminary work for identifying open strategy issues and reaching consensus on strategy bottlenecks.

What we achieved so far

- **Workshop Perspectives in functional roadmapping**
 - February 2016, Prague
 - Discussion of future C-ITS use cases and benefits, especially for public transport, vulnerable road users, and services on top of safety applications

What we achieved so far

- **Cooperative ITS & Cities – first meeting of the CODECS & CIMEC City Pool**
 - March 2016, London
 - Familiarising cities with C-ITS and guiding principles
 - Experience reports from pilot cities
 - Requirements of urban transport authorities

What comes next

- **Workshop Cooperative ITS & Cities Part II**

- 6 June 2016, Glasgow
- Discussing new use cases benefitting cities

- **Special Interest Session at ITS European Congress in Glasgow**

- Panel discussion: Transition challenges towards cooperative and automated driving
- 7 June 2016, 11 to 12.30h, in exhibition area

What comes next

- **State-of-the-Art analysis of initial C-ITS deployment**
 - Comprehensive analysis of deployment initiatives, status and further progress
- **Update:**
 - **State-of-the-Art Strategy for C-ITS deployment**
 - With regard to final report of C-ITS deployment platform
- **Workshop series: Open deployment issues**
 - Further progress to provide strategy coordination support
