# CODECS – Objectives

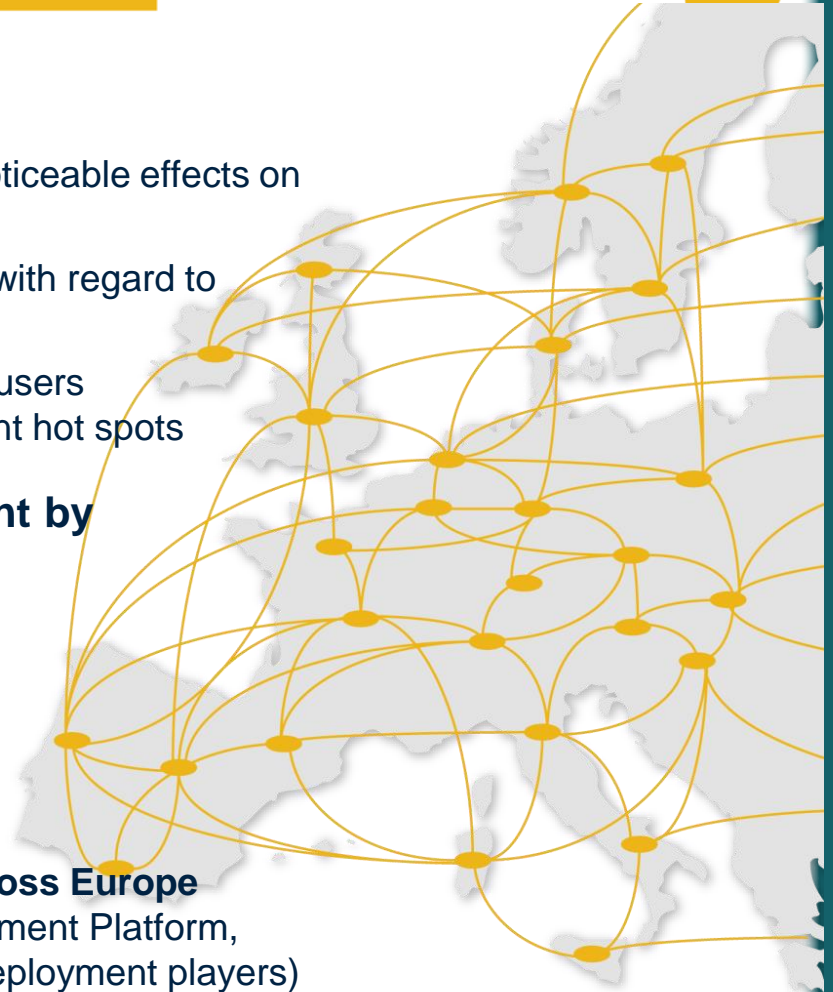

## Background

- C-ITS technically mature
- will grant information & warning services with noticeable effects on traffic safety, efficiency and comfort
- area-covering deployment remains challenging with regard to organisational and operational aspects
- Interoperability needed to ensure coherent end-users experiences when travelling between deployment hot spots

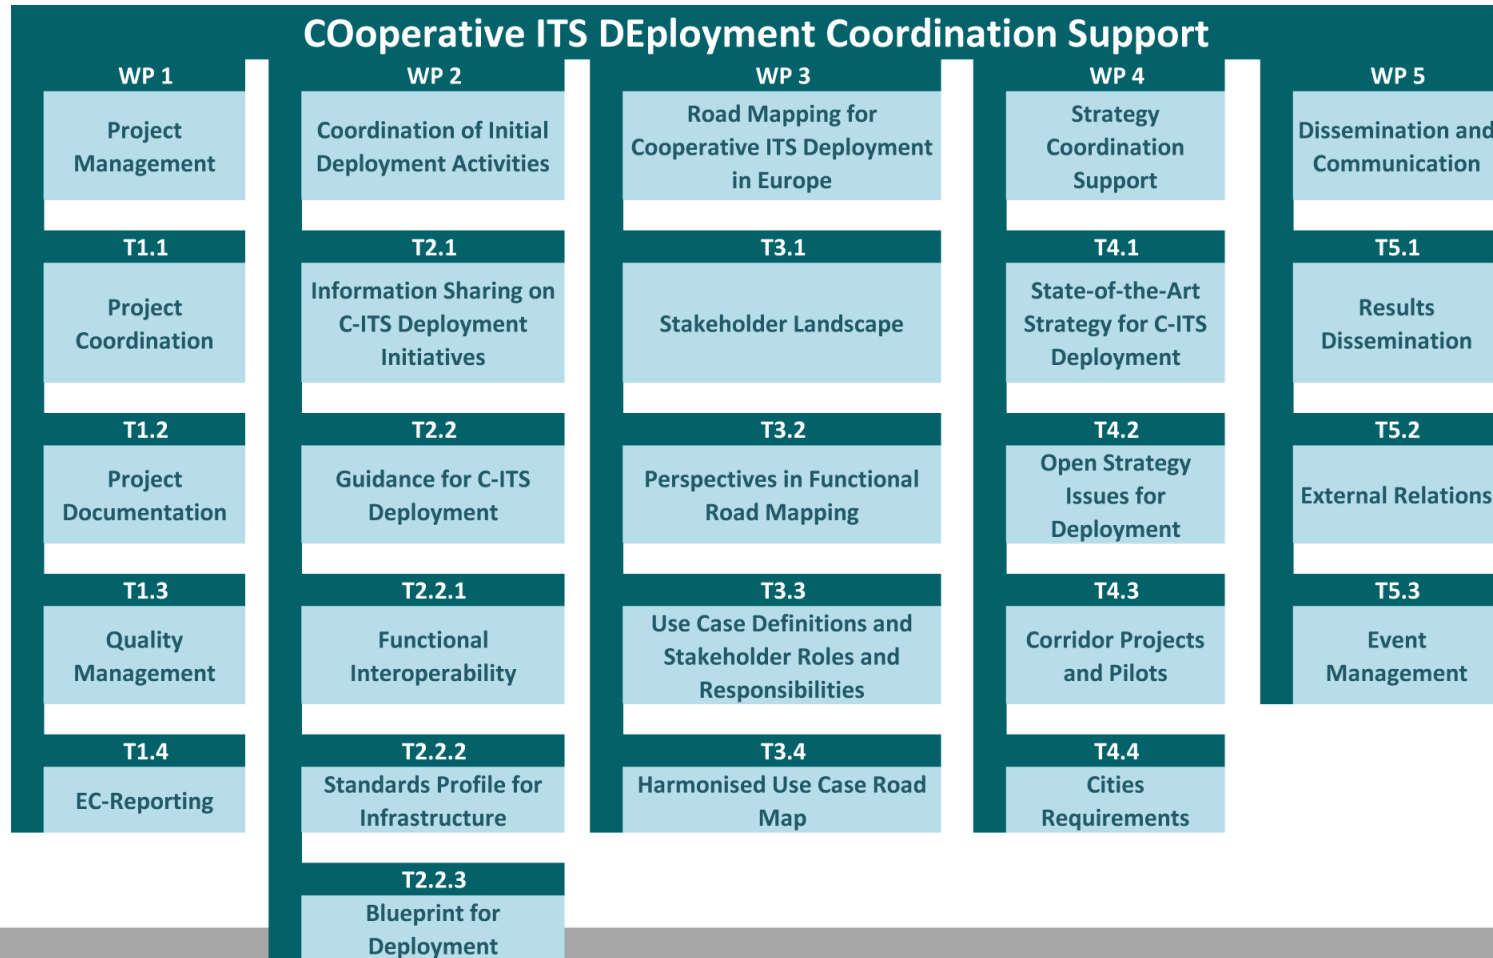

## Objectives: Accelerating C-ITS deployment by

- Coordinating initial deployment activities
- Aligning deployment road maps
- Giving strategy coordination support
- Raising awareness for the idea of cooperative road traffic

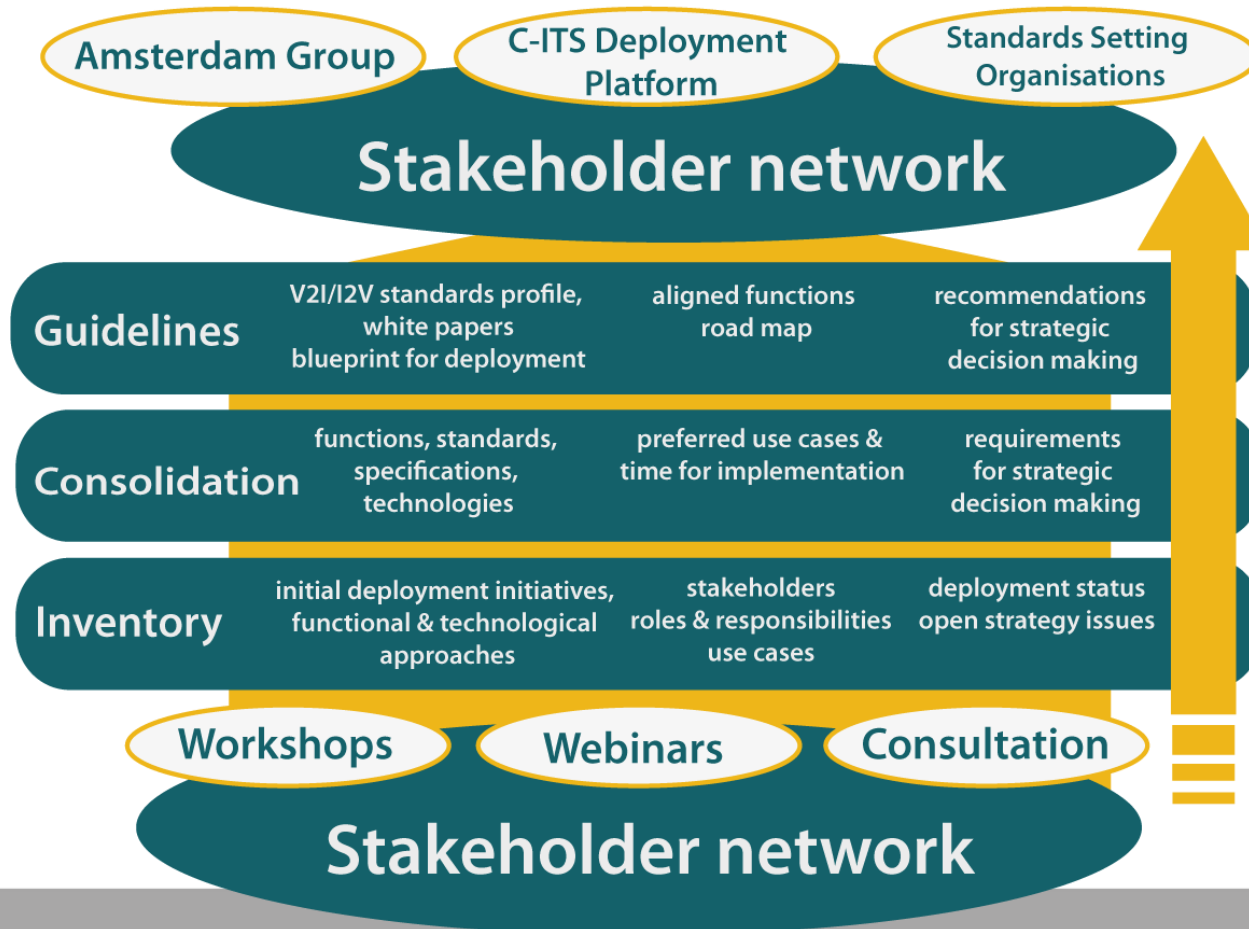

To support a **concerted roll-out of C-ITS across Europe**  
(work of the Amsterdam Group, C-ITS Deployment Platform, Standards Setting Organisations, other key deployment players)
